

Welcome!

Philomath Transportation System Plan Open House

December 12, 2016

What is the Transportation System Plan?

The Transportation System Plan (TSP) is a long-range document that guides the expansion and operation of our transportation network for all modes of travel over the next 20 years. The City's current TSP was adopted in 1999 and is currently being updated to reflect the latest community vision, infrastructure systems, and growth projections. This process creates an opportunity to work with residents and businesses to shape the future of the ways people get around in Philomath – including bicycles, sidewalks and trails, vehicles, transit, and freight. An updated TSP will enable the City to more effectively compete for limited federal and state funds by establishing clear support for specific transportation priorities.

Purpose of today's Open House

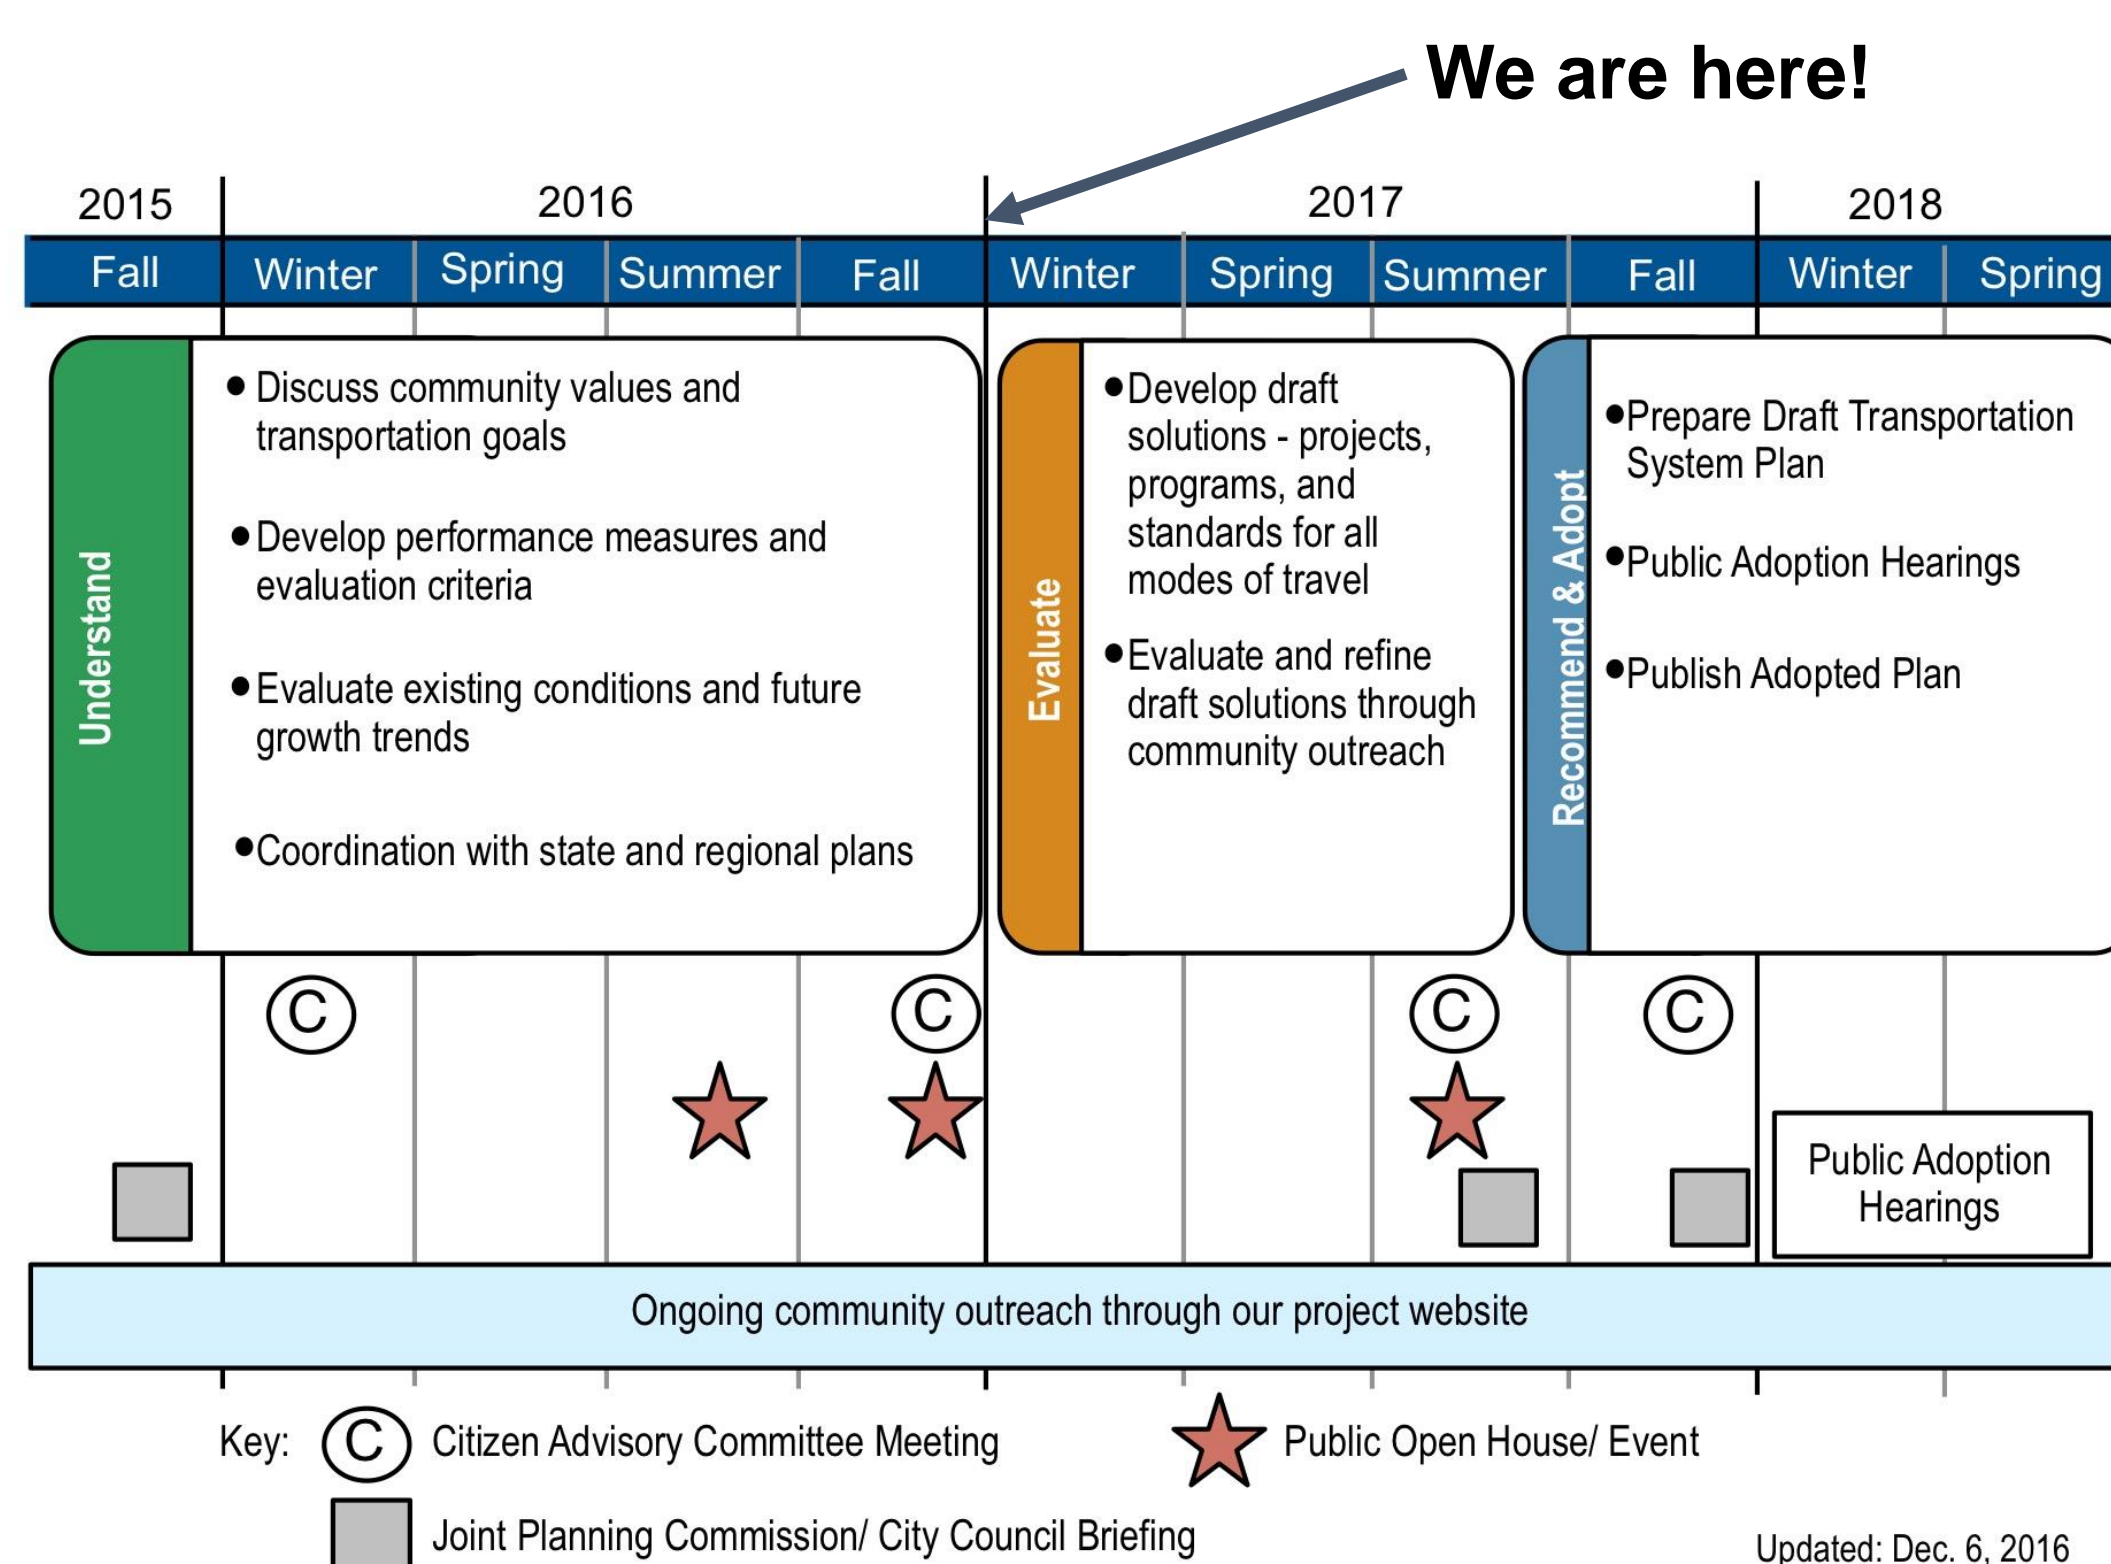

Having completed the evaluation of Philomath's transportation system performance and needs, the project team would like to share our findings with you and get your input. Please take some time to view the open house materials posted around the room and fill out a comment form to share your thoughts. Project staff are available to answer any questions and discuss your ideas.

- Are there places you don't feel are safe to walk, ride a bicycle, or drive?
- Are there barriers preventing or discouraging you from traveling somewhere?
- What are the most important transportation issues needing to be addressed?

Where we are in the process

The project team is just completing the "Understand" phase of the TSP update (see project schedule below). This included the development of project Goals and Objectives with the Citizen Advisory Committee, an evaluation of the current transportation system, and an assessment of how projected growth through the year 2040 might change travel conditions.

Following this Open House, we'll begin the development of recommended solutions for addressing Philomath's transportation needs for the next 20 years. The draft recommendations will be shared at a second Open House this summer.

How to stay involved

- Fill out a comment at the Open House
- Visit www.philomathtsp.org to provide comments anytime and review project documents
- Attend our next Open House this summer
- Contact the Philomath City Manager, Chris Workman for more information – (541) 929-6148; chris.workman@ci.philomath.or.us
